US4: HISTORY, CULTURE, ART AND RELIGION IN THE GEOSCIENCES
I aim in this talk to introduce the beautiful world of mineral illustrations on stamps – introducing the range of minerals depicted on stamps… then looking in some greater detail at several sets from France, Southern Africa and East Germany.

Minerals on postage stamps: A mix of art, history, economics and geography
To see a world in a grain of sand,
And a heaven in a wild flower,
Hold infinity in the palm of your hand,
And eternity in an hour.
